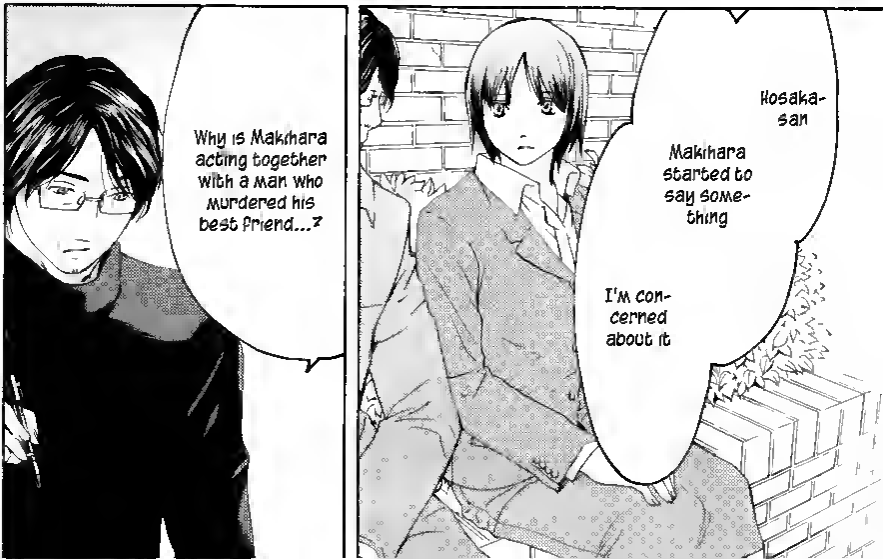
Chapter 61
Prayer <VI>

Nov 17
(Sat) 10 ~ 11 pm
Nov 6
(Sun) 3 ~ 5 pm
Itsuki acts together with Shiki and Makihara

The first murder case...
Was a clean professional hit

The second murder case involved two con artists
Shibuya was brutally beaten
But Bizen had only one clean stab wound on his back
I don't think Makihara did it, but there's a huge difference between the two corpses



Kosaka-san
Makihara started to say something
I'm concerned about it
Why is Makihara acting together with a man who murdered his best friend...?

When I asked him to trust me
"How am I supposed to trust you?" "The murderer is one of your..."
He replied
Shiki has an accomplice
Someone else

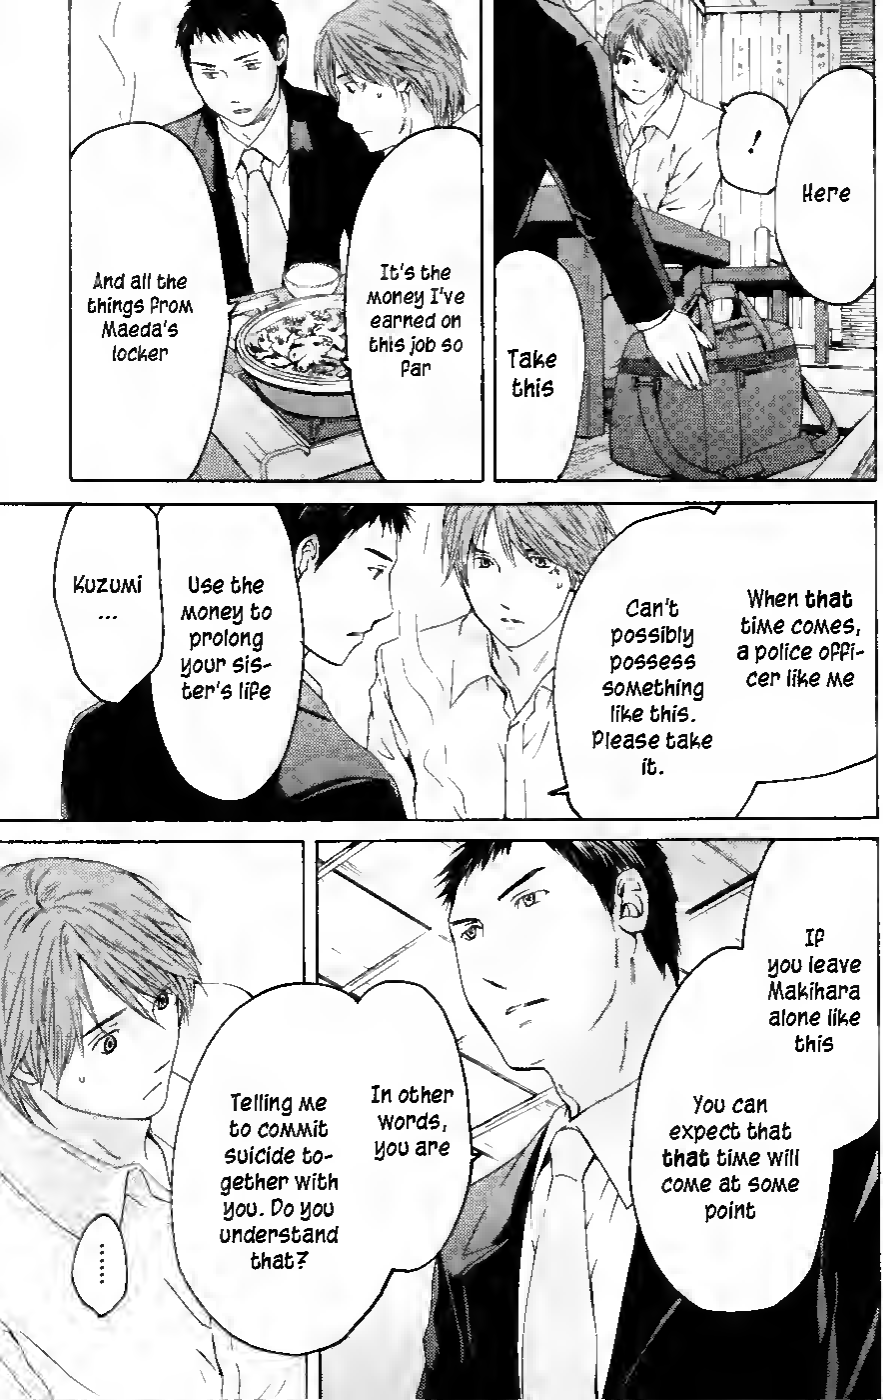
Turn yourself in?

I'm ruined
I lost my job and my home
I can
Can you really turn yourself in?
You quit your job? You want your sister to lose her life on top of that?
Didn't I tell you, don't despair
It hasn't come to ruin yet
It's not that time yet, we can still go on
You can return to teaching as well
.....

I don't want you to do anything to the girl who was in the factory locker
The child as well...
Ever
Even if it's true
I won't let you finish off Ei-kun
.....
.....

カチリ
……
I am angry
……
At me?
No
At myself

In my head, I understand what needs to be done perfectly
But in reality, I can't act the way I think
I'm a detec-tive
In other words, a pro in crime
We shouldn't have gotten involved with this work
.....
The fact that it's come to this is all my fault too
I'm angry at myself for that



Here
!
Take this
It's the money I've earned on this job so far
And all the things from Maeda's locker
When that time comes, a police officer like me
Can't possibly possess something like this. Please take it.
Use the money to prolong your sister's life
Kuzumi ...
If you leave Makihara alone like this
You can expect that that time will come at some point
In other words, you are
Telling me to commit suicide together with you. Do you understand that?
.....

I don't have a family anymore
And I don't have anyone who could become my family
A coworker's life was lost due to my negligence as well
Alright
I'll commit suicide with you

.....
What about the next job?
If there is one...
If the next job comes in
Don't accept it next time
First, you need to concentrate on finding
A place to live and getting back your job as a teacher
But...
Shiki, try to add up the money that I earned, your money
And then the Iwashita couple's money as well

Doesn't it come out to 130 million?
.....
If medical expenses take 5 million a year
It's enough for 26 years

Within 26 years, there might be advances in medical science
The drug might be approved domestically as well
It'll be enough
You can already

Wash your hands of this
Kuzumi...

Let's end our work now

Thank you
Thank you
Kuzumi...

I'll wash my hands
Wash my hands of this work
ゴオオオ
I don't have to kill anyone anymore
Can it really end like this?
This bad dream...
ゴオオオ

I'm going
Back to work?
ゴォオオ
Yeah, going back to the office
Ku-zumi
If I wash my hands of this work, it means...
We'll never be able to meet again ...?
.....
Didn't I tell you? A victim and a detective in charge of his case can sometimes meet for lunch at least..
I see ...
Keep Makihara quiet
If anything changes, I'll let you know
Got it
Thank you
ゴォオオ

Kuzumi
ゴォォォ
When that time comes
Is probably going to commit suicide to avoid getting arrested
Probably that's why he gave this to me
ゴォォォ
What should I do?
If that time comes
Should I let them arrest me?
Or...

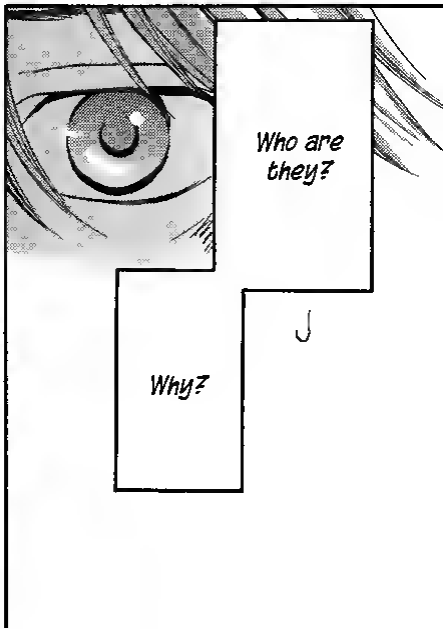
Morning...

Around 8 pm last night
There was an accident in Tokyo's Musashino-shi, involving a truck hitting pedestrians
As well as affecting one car that was stopped in traffic in the opposite direction
One female pedestrian suffered serious injuries
And another male is unconscious in critical condition
The driver abandoned the truck and fled from the scene following the accident
The police are currently searching for his whereabouts

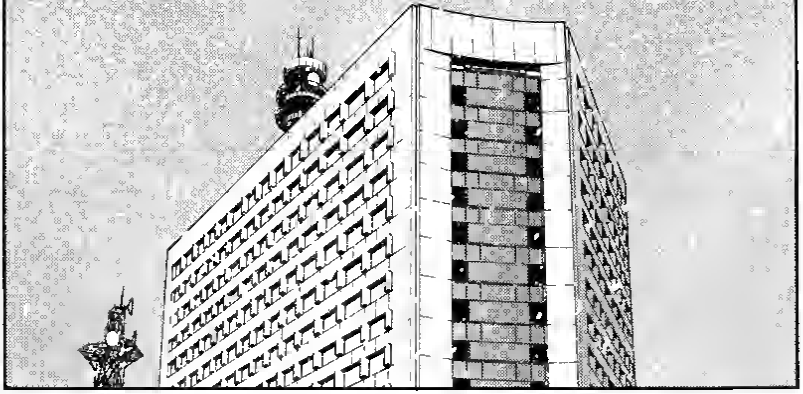
What do I do?
What do I do from now on?
Kuzumi

Please
Don't die



Who are they?
Why?

Please



We still don't see any connection between them

Even if we arrange the incidents by date

キュッ

So maybe he was set up to look like the perpetrator

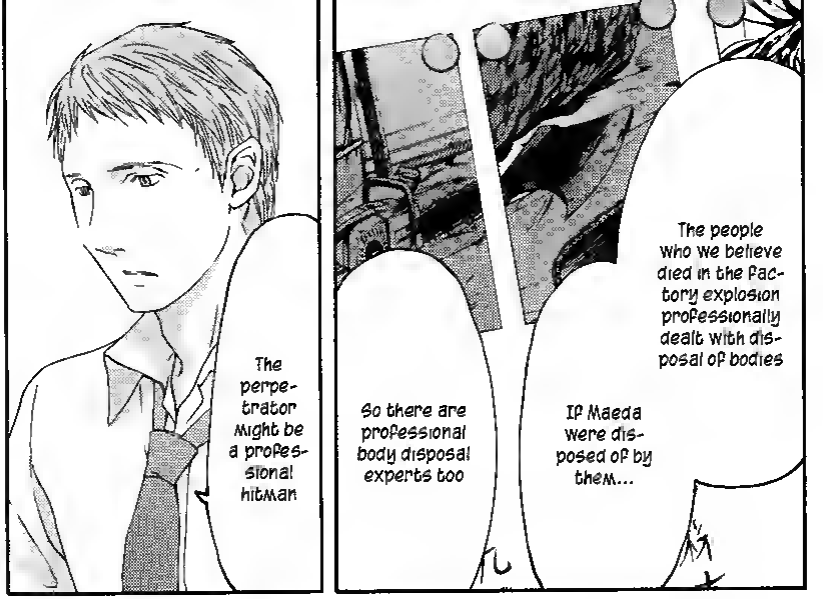
After he had disappeared. Maeda is a criminal too.

Eh?

Maeda was killed as well

Even if Maeda and Makihara were among them

The perpetrators that were seen during the Shuudeikai assault were two males plus another driver of the get-away van



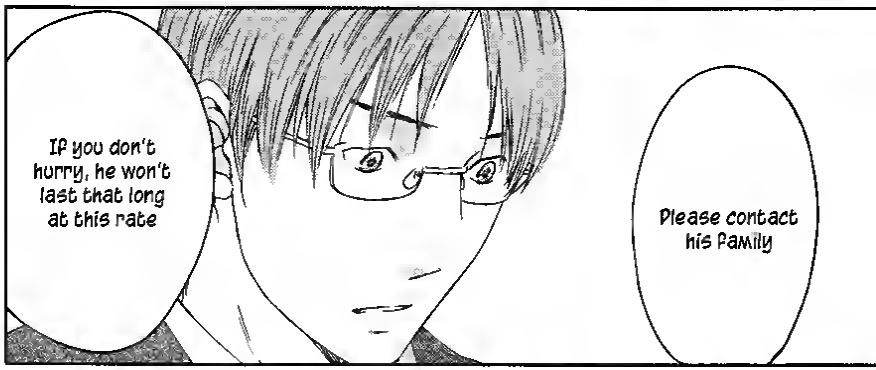
The perpetrator might be a professional hitman
So there are professional body disposal experts too
If Maeda were disposed of by them...
The people who we believe died in the factory explosion professionally dealt with disposal of bodies

That sounds like the plot of a manga...
A professional hitman who kills criminals?

What happened?
.....
Chief

It's a heavy cerebral contusion
Also damage to his spine and chest

There's either a hemorrhage or a swelling inside his brain, so his intracranial pressure is elevated
Due to the pressure on his brain stem he had a temporary cardiopulmonary arrest, but we dealt with it

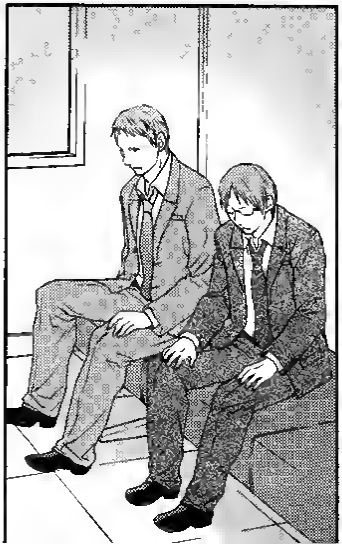


Please contact his family
If you don't hurry, he won't last that long at this rate

...
He doesn't have any

He
Doesn't have a family
That's why I...
I thought I'd be like his family
Can't he be saved?

In the current condition, he won't last long
I'm very sorry
.....



Why does this keep happening...?
I just
Can't take this
This reality...
To think that this is reality

wǒ qu shangbān (I'm going to work)
qing xiǎoxin (Take care)
Okay, I'm going
Watch the kids
Shue, what work are you going to—?
Enter-taining
Because it's weekend
Weekend?
There are many customers on weekend
I have to earn a lot
To repay the debt for coming to Japan

Thanks
I see
Please take care
パタン
Idiot
Entertaining sounds amazing----
Shue is younger than me, but she works---
It's probably prostitution or something
She's an illegal alien
Don't ask her about work
Eh

In order to feed their families, they buy expensive fake passports from the mafia and come to Japan
Yan was probably like that as well
I think he's a courier for the yakuza
If you don't have yakuza connections, you can't find a job either
Prostitution?
Shue does that?
She does, in order to live
It's terrible
Poor thing
Don't say that to her, okay?
It's the reality

When they're cornered
People will do anything in order to live
Even if it's something they mustn't do
Even if there are differences in the degree
As long as it's something they have to do so they can live
You were lonely, so you lived with the murderer of your father
Shiki probably thought that he couldn't live
If his sister died

Kuzumi...
...Right
Probably
He's a clean freak
He might not be able to live normally. Something like that.
